

## County Building Entry Closure: Monday, July 31

The public entry by the Clerk's Office will be closed starting Monday, July 31, 2023. This is the County Building entrance nearest the 1905 Courthouse.

The entry will be re-opened as the project progresses around the building.

## Office Moves: Clerk / Register of Deeds

The County Clerk's Office is about to move! Starting roughly July 26, the Clerk and her staff will **temporarily** be in the space formerly occupied by the Register of Deeds (ROD).

The ROD Office is now **permanently** in Room 130. When construction is complete, the Clerk's Office will return to their original location. Signs will direct the public to the new offices. Thank you for your patience and understanding with these moves.

## Updated Aerial Imagery: Now on County Website

2022 aerial imagery has been uploaded to the county's website. This county-wide imagery has a 6" resolution. 2021 3" resolution for the five villages is also on the website.

Go to [antrimcounty.org](http://antrimcounty.org). Click on the "Departments & Services" tab at the top, then under "GIS" click "GIS Map."

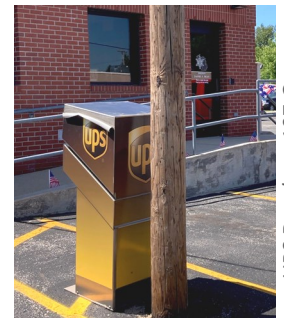

## Public Safety Center: Another Step Taken

On July 5, another step was taken in the direction of a proposed Public Safety Center when the Village of Bellaire approved a resolution of intent to vacate the one-block Grove Street right of way, directly east of the current jail. The resolution also scheduled a 6 pm public meeting on Wednesday, August 2. If the Village approves vacating Grove, the next step is for the County to move forward with additional legal proceedings for the road vacation.

If the proposed Center continues to advance, the County will supply a wide variety of additional information to the voters.

## Drop-Off Box Locations

The UPS drop box is now outside the Sheriff's Office front door at 107 Grove. *See photo at right.*

UPS Dropbox: 107 Grove

Our Antrim County drop box is now inside the jail entrance at 207 E. Cayuga. *See the two photos below.* Both drop boxes are accessible 24 hours a day, 7 days a week.

County Dropbox: 207 E. Cayuga

## County Building Renovations: July 2023 Update

A construction fence is in place on the building's south side (along Cayuga), part of the west side (Hickory Ln.) and part of the east side (adjacent to the 1905 Courthouse). **Expected date for the remainder of the fence to go up is mid-August.**

The interior demolition is well underway, and **temporary** interior walls are in place in the public hallways. Excavation and foundation work is scheduled to start soon. Removal of the precast panels is expected to start in late August.
