The board approved a dispatch supervisor for night shift that the Sheriff Department recommended. This will reduce the number of employees in the dispatch by one to increase the number of employees in the lead dispatch supervisor classification. The positions of 911 go through 22 weeks of training and having dispatch supervisors available 24/7 was discussed during negotiations.

Bellaire Dam-

Mark Stone, Antrim County Operator of Dams/Drain Commissioner discussed the inspection reported from 2021. The water study is being finalized by the Army Corp of Engineers and planned to be presented July 12th to the public with location to be determined.

Due to dam failures in mid-Michigan recently, insurance underwriters are pulling out of the provision of re-insurance on dams. They still have an underwriter that will provide some insurance, but a qualified engineering firm will have to evaluate both County dams (Bellaire and Elk Rapids) and come up with a value for the insurance underwriters to

insure the actual structure only. Mark Stone, Dams operator was given the go ahead to hire Spicer Engineering on an emergency basis and will provide the County with the required dam values prior to July 1, 2022 so the structures can be insured.

Commissioner election-

I will be running again for County Commissioner of the new District #5 (Jordan, Echo, Chestonia, Warner, Star and the east side of Mancelona Township).

My current District #7 (Jordan, Echo, Chestonia, and Warner Township) and District #9 (Star and Mancelona Township) were combined into District #5 due to redistricting.

The election will be decided on Tuesday, August 2, 2022 in the primary election as you will only be able to vote straight Republican or Democrat. I am running Republican.

I have enjoyed working for the people of District #7 and will continue to work for the taxpayers of Antrim County to stand up for our constitutional rights and individual freedoms if re-elected. If you would want to support me by putting a sign in your yard let me know.
